

CANADIAN WILDLIFE FEDERATION

Garden layout examples and printable templates

- In this pdf you will find a compilation of examples of garden layouts and printable templates to help you design your garden. These resources were provided by local native plant nurseries across Canada and compiled by CWF.
- Please note the example plant lists may not be native to your area of Canada.
- To create your own list of plants, check out our online resources: [Plant Chart](#), [Native plant encyclopedia](#)

Wild About Flowers
Native Plant Nursery

Let's design a Pollinator Garden.

Can you put the wildflowers in the right place? The circle sizes indicates the mature width of the plants. Use the heights listed below as clues to where the plants belong in this garden.

Native Alberta Wildflower Pollinator Garden

Brown-Eyed Susan
18-36" Tall - 3 Plants
Plant Code: BES

Wild Bergamot
18-36" Tall - 3 Plants
Plant Code: WB

Meadow Blazing Star
18-24" Tall - 3 Plants
Plant Code: MBS

Giant Hyssop
30-42" Tall - 3 Plants
Plant Code: GH

Wild Chives
12-24" Tall - 4 Plants
Plant Code: WC

Showy Jacobs Ladder
8-18" Tall - 4 Plants
Plant Code: SJL

Three Flowered Avenas
8-16" Tall - 4 Plants
Plant Code: 3FA

Yellow Coneflower
12-24" Tall - 3 Plants
Plant Code: YC

Purple Prairie Clover
12-24" Tall - 3 Plants
Plant Code: PPC

Streamside Fleabane
10-20" Tall - 3 Plants
Plant Code: SF

Cut-Leaved Fleabane
3-6" Tall - 6 Plants
Plant Code: CLF

This garden is planned to bloom from spring through fall, providing a steady food source for many pollinators. Native bees, butterflies, beetles, and other beneficial insects visit the flowers to collect nectar and pollen.

Option 1) Drifts of Colour is ideal if you want bigger clusters of colour with a more formal appearance.

Option 2) A Mandala provides a more natural look with a more balanced mix of plants no matter which side you view it from.

Rectangular Garden Beds

Option 1: Back to Front

Ideal to use when garden is being viewed from mainly the front and is against a fence or building

Option 2: All Around

Ideal to use when garden can be viewed from all angles such as in an open space with grass all around.

Plant Index

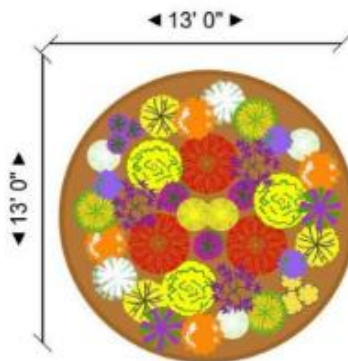

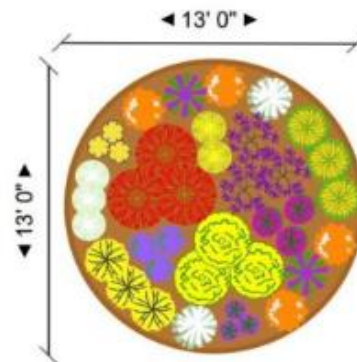

- | | | | |
|--------------------|------------------------|--------------------|------------------------|
| Ohio Spiderwort | Prairie Sundrops | Hoary Vervain | Virginia Mountain Mint |
| Butterfly Milkweed | Pearly Everlasting | Showy Goldenrod | Scarlet Beebalm |
| New England Aster | Black Eyed Susan | Great Blue Lobelia | Lance-Leaf Coreopsis |
| Dense Blazing Star | Grey Headed Coneflower | | |

ECHO NATIVE PLANTS

Round Garden Beds

Option 1: 'Drifts'

Ideal if you want bigger clusters of colour with a tidier more formal look.

Option 2: 'Mandala'

Ideal for a more natural garden look while having a repeating pattern giving smaller pops of colour throughout the garden.
