

CANADIAN WILDLIFE FEDERATION

Garden layout examples and printable templates

- In this pdf you will find a compilation of examples of garden layouts and printable templates to help you design your garden. These resources were provided by local native plant nurseries across Canada and compiled by CWF.
- Please note the example plant lists may not be native to your area of Canada.
- To create your own list of plants, check out our online resources: [Plant Chart](#), [Native plant encyclopedia](#)

Wild About Flowers
Native Plant Nursery

Let's design a
Pollinator
Garden.

Can you put the
wildflowers in
the right place?
The circle sizes
indicates the
mature width of
the plants. Use
the heights listed
below as clues
to where the
plants belong in
this garden.

Brown-Eyed Susan
18-36" Tall - 3 Plants
Plant Code: BES

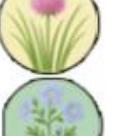

Giant Hyssop
30-42" Tall - 3 Plants
Plant Code: GH

Yellow Coneflower
12-24" Tall - 3 Plants
Plant Code: YC

Wild Bergamot
18-36" Tall - 3 Plants
Plant Code: WB

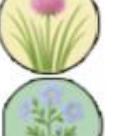

Wild Chives
12-24" Tall - 4 Plants
Plant Code: WC

Purple Prairie Clover
12-24" Tall - 3 Plants
Plant Code: PPC

Meadow Blazing Star
18-24" Tall - 3 Plants
Plant Code: MBS

Showy Jacobs Ladder
8-18" Tall - 4 Plants
Plant Code: SJL

Streamside Fleabane
10-20" Tall - 3 Plants
Plant Code: SF

Three Flowered Avens
8-16" Tall - 4 Plants
Plant Code: 3FA

Cut-Leaved Fleabane
3-6" Tall - 6 Plants
Plant Code: CLF

This garden is
planned to
bloom from
spring through
fall, providing a
steady food
source for many
pollinators.
Native bees,
butterflies,
beetles, and
other beneficial
insects visit the
flowers to
collect nectar
and pollen.

Option 1] Drifts of Colour is ideal if you want bigger clusters of colour with a more formal appearance.

Option 2] A Mandala provides a more natural look with a more balanced mix of plants no matter which side you view it from.

Rectangular Garden Beds

Option 1: Back to Front

Ideal to use when garden is being viewed from mainly the front and is against a fence or building

Option 2: All Around

Ideal to use when garden can be viewed from all angles such as in an open space with grass all around.

Plant Index

| | | | |
|--------------------|--------------------|------------------------|------------------------|
| Ohio Spiderwort | Prairie Sundrops | Hoary Vervain | Virginia Mountain Mint |
| Butterfly Milkweed | Pearly Everlasting | Showy Goldenrod | Scarlet Beebalm |
| New England Aster | Black Eyed Susan | Great Blue Lobelia | Lance-Leaf Coreopsis |
| | Dense Blazing Star | Grey Headed Coneflower | |

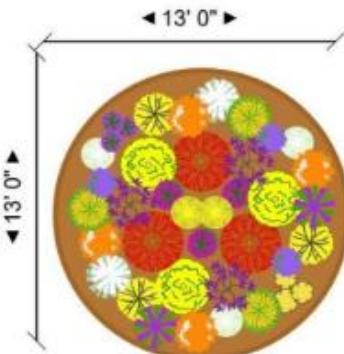

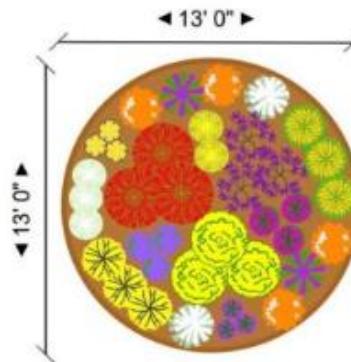

ECHO NATIVE PLANTS

Round Garden Beds

Option 1: 'Drifts'

Ideal if you want bigger clusters of colour with a tidier more formal look.

Option 2: 'Mandala'

Ideal for a more natural garden look while having a repeating pattern giving smaller pops of colour throughout the garden.

Plant Index
